A solution for every requirement

Our comprehensive range of Creative Display Solutions

Whether you are looking for a display stand to give your brand standout at an upcoming exhibition, or marketing collateral to support a pop up store or event, our extensive portfolio of products has you covered. So whatever your industry or application, we have an innovative creative display solution to give your messaging standout.

---

01 Lightboxes

Create outstanding visual impact with Back lit or edge lit LED graphics, ideal for temporary, permanent and customised application.

---

02 Display Stands

Complete exhibition stand solutions, incorporating hanging structures, modular stands, towers and customised stands

03 Display Backwalls

Large format graphic backdrops ideal for conferences, promotional activities and events

04 Display Banners

Portable display options, ideal for temporary deployment

05 Display Signs

Professional wall, floor and suspended signage solutions

06 Flag Banners

Attract attention at a distance through movement with eye-catching flag solutions

07 Tents

Perfect temporary shelters, pop-up shops and market stall for outdoor use

08 Counters

Adaptable and portable temporary counters for promotional, display and exhibition applications

09 Barriers

Easy and convenient barrier systems to manage queues, control crowds and create temporary areas

10 Ancillaries

Accessories designed to increase the functionality of a chosen product range

NEW PRODUCT

Introducing your **innovative** and **cost-effective** modular Display Solution.

For more information see pages 52-63

FASTFRAME™

FASTFRAME™ is a unique, **sustainable** and **user-friendly** display Solution that can adapt to meet your evolving creative display requirements.

More versatile
than a pop-up

- Highly configurable
- Seamless graphics
- Easy to change Silicone Edge Graphics (SEG)
- Many applications

More flexible
than a roller banner

- Assembled in seconds
- Lightweight, highly portable
- One frame, multiple graphics
- Single or double-sided graphics
- Expandable, no joints
- Washable stretch fabric
- Cost savings through repeated use

More configurable
than an exhibition stand

- Expandable – add modules over time
- Quick change design
- Excellent space utilisation
- Toolless construction
- Seamless graphic overlay

Lightboxes

For outstanding visual impact in interior spaces, lightboxes are the perfect option. Vibrant graphics, edge lit or Back lit with energy saving LEDs, create focal points that add depth and drama to retail spaces, exhibition stands, commercial properties and beyond.

Whether wall mounted, free-standing or suspended at height, LED lightboxes are the ideal showcase for brand messaging and statement imagery.
We offer two ranges of lightbox solutions. The Illuminova™ range combines vivid SEG fabric graphics with a sleek profile in a choice of standard or custom dimensions. For instant pop-up displays, our portable Illumigo™ range is available in a variety of standard sizes to bring your retail space to life.

illumiNOVA™

The Illuminova™ range encompasses wall mounted, hanging and free-standing LED lightboxes in a choice of standard or custom sizes. Ideal for adding visual interest to feature walls and shop windows as well as transforming areas with low ambient lighting. Easily refreshed with updated graphics, Illuminova™ provides the perfect framework to display enhanced vibrant messaging.

iLLUMiGO™

The Illumigo™ LED lightbox range combines stunning graphic illumination with instant, tool-free assembly. For ease of transportation and storage, the aluminium LED frames are lightweight and come in a handy carry case. Simply update the SEG graphics, for a fresh and sustainable way to transform spaces with light.

illumiNOVA™

30mm Illuminova™ wall mounted

With its sleek and narrow profile, the 30mm Illuminova™ LED Back lit wall-mounted lightbox is ideal for showcasing standout messaging in interior displays. Illuminated using a powerful linkable LED display system for consistent lighting across the graphic. Available in standard and custom sizes

Material	Aluminium
Profile width	30 mm
Profile Colour	Anodised Silver

Optional Illumigo™ bag

Illumigo™

Illumigo™ is an innovative portable LED lightbox that comes in a protective compartmented box with handle for ease of transportation. Deploys tool-free in minutes thanks to pre-assembled LED lighting and push-fit optional dye-sublimated graphics.

Material	Aluminium
Profile width	100 mm
Profile Colour	White
Assembly	Tool-free
Graphic area	Double-sided
Graphic attachment	Silicone Edged Graphics (3 mm silicone)
Application	Self-supporting with pivoting feet fixed to the structure
Transport	Protective box with carry handle

Illumigo™ - 2x1	ILLGO-2X1-EU	1000(w) x 2000(h) x 400(d) mm
Illumigo™ bag	ILLGO-BAG	460(w) x 1160(h) x 400(d) mm

Supplied with twin twist-out feet

Numbered system for easy assembly

Pre-installed LED lights

Branded protective compartmented box

Optional Illumigo™ bag

Illumigo™ Retail

Illumigo™ Retail is an innovative portable LED lightbox that is specifically designed for retail environments because of its size and stability. The 1600 x 600mm double-sided illuminated display comes in a protective compartmented box with handle for ease of transportation. Deploys tool-free in minutes thanks to pre-assembled LED lighting and push-fit optional dye-sublimated graphics.

Material	Aluminium
Profile width	100 mm
Profile Colour	White
Assembly	Tool-free
Graphic area	Double-sided
Graphic attachment	Silicone Edged Graphics (3 mm silicone)
Application	Self-supporting with flat base fixed to the structure
Transport	Protective box with carry handle

Illumigo™ Retail	ILLGO-RETAIL-EU	600(w) x 1600(h) x 285(d) mm

Pre-installed LED lights

Connector

Branded protective compartmented box

Optional Illumigo™ bag

Illumigo™ 2x2

Illumigo™ is a complete portable 2x2m double-sided aluminium lightbox display system. Simple to deploy with tool-free assembly. Just remove from the box, twist out the feet from the base panel and use the matching numerical system to connect the remaining extrusions remembering to insert the horizontal bar. SEG graphics fit into the frame channel and the power cable inserts under the base panel. Plug and play in less than 10 minutes!

Material	Aluminium
Profile width	100 mm
Profile Colour	White
Assembly	Tool-free
Graphic area	Double-sided
Graphic attachment	Silicone Edged Graphics (3 mm silicone)
Application	Self-supporting with pivoting feet fixed to the structure
Transport	Protective box with carry handle

Numbered system for easy assembly

iLLUMiGO

Illumigo™ Counter

This versatile and quick to set-up double-sided counter lightbox is a great all-rounder not only at events but in retail environments from shopping centres to pop-up shops. Part of the Illumigo™ range, the Illumigo™ Counter is easy to assemble with a two-part counter-top that secures using a pair of twist out top locators and locking screws. Building the unit is intuitive and tool-free as all the parts are numbered and simply slot together. Two optional graphics complete the look to create an impactful counter ideal for attracting attention in retail, event or exhibition environments.

Material	Aluminium 100 mm, MDF table top
Assembly	Tool-free
Collapsible	Yes
Counter top	White
Graphic attachment	Silicone Edged Graphics (3 mm silicone)
Transport	Protective box with carry handle
LED System	Led strips included

Illumigo™	ILLGO-COUNTER-EU	1045(h) x 1040(w) x 420(d) mm
Illumigo™ Bag	ILLGO-BAG	1160(h) x 460(w) x 190(d) mm

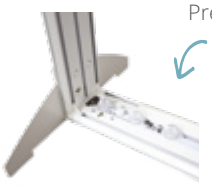

Optional Illumigo™ bag

Protective compartmented box

Pre-assembled LEDs in the frame

Steel side feet for stability

Display Stands

Display stands are the perfect solution for an array of different applications. From exhibitions, conferences, events, retail event zones to window displays and product showrooms; their uses are unlimited. The perfect stand will showcase and increase the opportunity to interact with existing and potential customers by creating engaging, and innovative brand promotion and messaging.

Our Display Stands range of products include hanging structures to attract interest from a distance along with versatile modular stand components to create truly contemporary and captivating exhibition spaces. The collective modular systems; Modulate™, Vector, Arena and Fastframe™, are all designed to work in unison, to deliver a re-usable and reconfigurable exhibition stand. Graphics can be easily updated, and layouts refreshed over and over again. These hard working modular solutions offer exceptional return on investment as well as a sustainable approach to creative display.

Creating an effective display stand that drives results is extremely straightforward with this collection of pre-configured solutions. Simply select a design for inspiration whilst considering floor size and parameters of price-point. For a more unique stand construction, the modular range can also be customised - incorporating precise requirements with all the benefits that modular exhibition systems offer for complete creative innovation.

Stand component systems

Modulate™

Modulate™ is the fusion between two of our original concepts: Formulate and Vector. The range is composed of various frames made of aluminium tubes, equipped with the patented magnet system: MagLink. Modulate™ provides a custom build solution through its hundreds of possible configurations using the various modules.

Vector

One of the simplest and most versatile communication solutions on the market, Vector is an aluminium frame system with a stretched fabric graphic that adapts to any environment. With a variety of different profiles, all applications are possible: suspended, wall-mounted, self-supporting, double-sided or illuminated utilising Illuminova™.

Fastframe™

A unique pre-assembled foldable framework for fast construction and endless Creative Display Solutions - the perfect seamless backdrop for visually striking SEG graphics.

Arena

Arena is a tubular aluminium gantry structure that is both extremely strong and light. The different sections can be assembled according to the space and can be covered with fabric or vinyl graphics.

Hanging Structures

Select one of our lightweight Formulate hanging structures to compliment your stand design, which uses a lightweight 30mm tubular system that can be neatly wrapped in a fabric printed graphic.

Considerations for exhibitions

Why exhibit at a trade show?

Trade shows remain the preferred communication channel for companies seeking to increase their reputation and promote their image.

The benefits of a trade show are vast and very attractive. They enable several actions to be carried out in a relatively short period of time:

- Brand positioning
- Prospecting
- Market research
- Product launches
- Building customer loyalty
- Business networking

The centrepiece: your stand

The success of any trade show depends on its cost vs quality and ROI for generating leads and meeting other sales / marketing objectives.

1. Location:

How much space? How many open sides?

2. The design:

Which media: textile, rigid, flexible panels?
Need to communicate in height: sign, extension or extension of storage room?
Do you need a storeroom to store equipment?
What kind of lighting?

3. Use:

How often?
Will it need to be scalable in shape and size?
What means of transport do you have?
Will the stand be reused in another environment i.e. customer showroom, inhouse events etc.?

4. The budget :

What is the budget for the stand?
Over how many shows will it pay for itself?

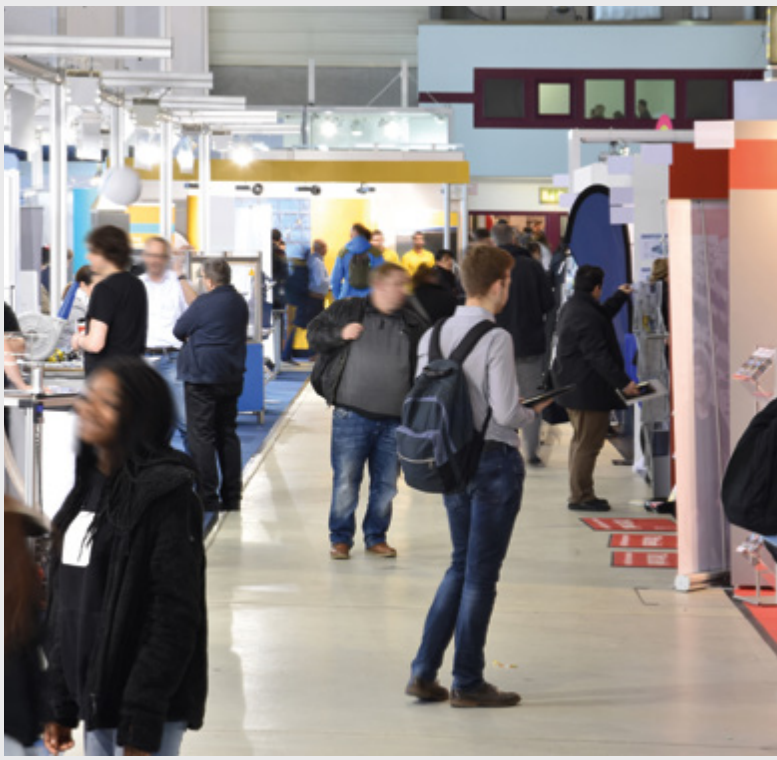

The keys to success

To have a successful trade show, it is essential to:

- Set 3 to 5 objectives that will guide the marketing strategy of the event
- Ensure maximum visual impact with a quality stand that will enhance the company's image (openings, suspended communication, graphics, materials, etc.)
- Implement effective communication and promotion: before, during and after the event (emailing, invitation, social networks, stand promotion, etc.)

Why choose a modular stand?

- Lightweight and compact
- Reconfigurable
- Quick payback
- Durable
- Easy to assemble
- Standard or custom made
- Unlimited message renewal
- Ergonomically friendly

MODULATE™

Modulate™

The best way to attract attention

Modulate™ is the result of the fusion of two original concepts that have proven successful in the exhibition and retail world; Formulate tubular solutions and the modularity of Vector frames.

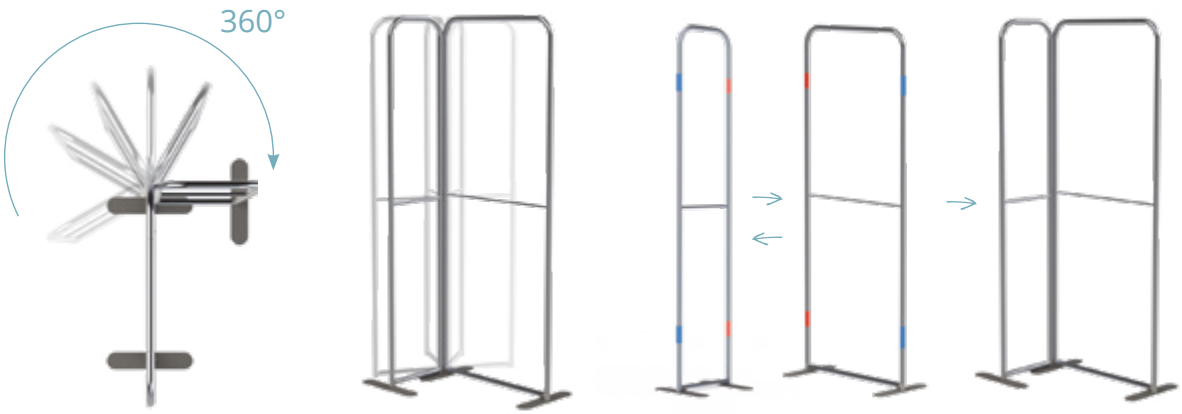

Modulate™ is a collection of various frames made from aluminum tubes and covered with a printed textile cover. These frames can be easily connected to each other by means of powerful magnets placed inside each structure.

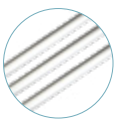

Based on this simple magnetic principle, it is possible to combine the different Modulate™ frames to create configurations for all communication areas: at the point of sale, at trade shows, in exhibition areas, in shopping centres or simply within companies themselves.

MagLink connector, simple, fast and reconfigurable

Thanks to the exclusive MagLink magnetic system integrated into the structure, you can connect the frames to each other simply by bringing them together.

Optional 400 mm extension to change the height of the structures

MagLink connectors 360° in each post

Modulate™ carry bag with dedicated slots for feet and graphics

Intuitive marking on each section for easy assembly

Self-locking system with elastic posts and push-fit button

Rounded or straight corners with the reference MOD-SQ-ANGLE

2 stabilising feet with Twist & Lock system, supplied with each frame

Central reinforcement bar (18 mm diameter)

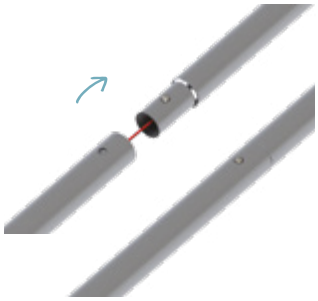

Double-sided custom printed fabric graphic that zips closed

MODULATE™

Tool-less assembly

Modulate™ structures are easy to assemble without tools. Each section is marked with numbers and colours and connected with push buttons. Once the structure is assembled, the Twist & Lock feet will rotate a quarter of a turn until they lock into a perfectly stable self-supporting frame. Finally pull-on the printed fabric graphic which perfectly fits to the contour of the frame.

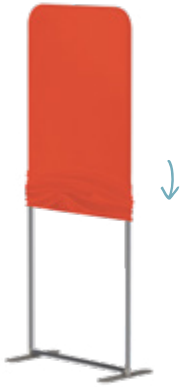

Assemble the elastic sections using the push-fit button

Add the central reinforcement and connect all the tubes with the help of the marking system

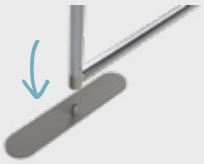

Place the Twist & Lock feet under the structure and rotate to lock it

Use the gloves supplied with the frame to handle the visual and slide it onto the frame

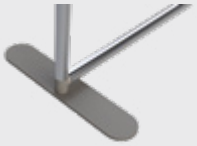

Twist & Lock Foot installation

Place

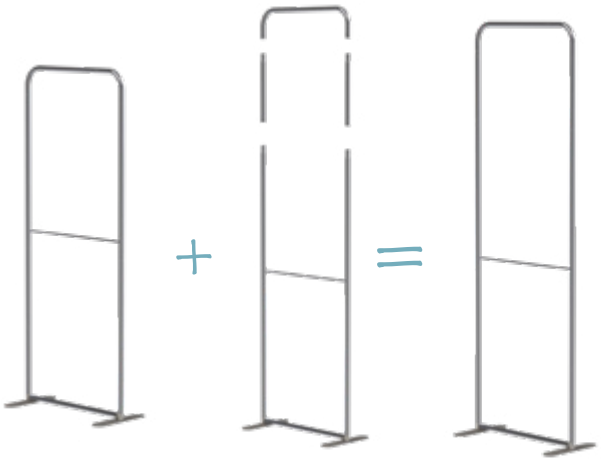

Rotate

Lock in place

Structures with unique technological innovations!

To add versatility to Modulate™ structures, a 400 mm tubular extension can be added. With this extension, which is easily placed between two sections, you can use the same frame with two different heights.

Standard Modulate™ Frames

Modulate™ is an innovative double-sided display system that consists of a set of lightweight aluminium frames covered with a custom printed tension fabric graphic. Frames connect together using powerful magnets encased inside each element and can be joined at any angle to create shaped displays or backwalls. Frames are completed by pulling a tension-fit fabric graphic over the frame and zipping at the base. Frames are available in various widths and two height options. Each frame is supplied with two stabilising feet which can be used if required for extra stability. The Modulate™ Straight frames can be used on their own or combined with other frames to create hundreds of configurations.

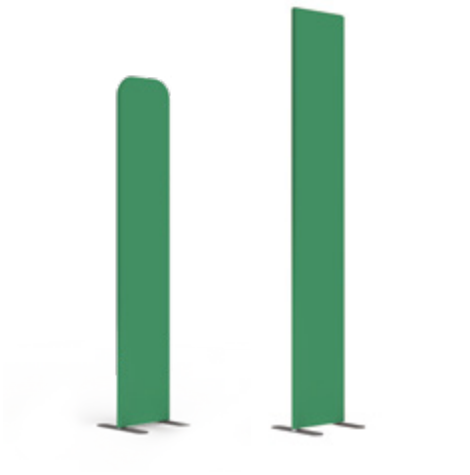

Material	Aluminium
Tube	30mm Ø
Assembly	Tool-free push-button connectors
Shape	Straight
Graphic area	Double-sided
Graphic attachment	Zipped tension-fit graphic
Application	Free-standing with feet (included)

Modulate™ Counter

Modulate™ Counter consists of an innovative aluminium tubular frame, counter-top, and printed tension fabric graphic. Powerful magnets encased inside the frame enables two or more counters to connect using simple magnetic principles. The counter can be used on its own or combined to make a long reception or bar area. Modulate™ Counter can be deployed in minutes, thanks to the tool-less construction. The printed tension fabric graphic will either sit on or under the counter-top to suit the application.

PATENT PENDING

Use it on its own or combined, simply by using the integrated magnets!

2 possible finishes (with or without visible shelf)

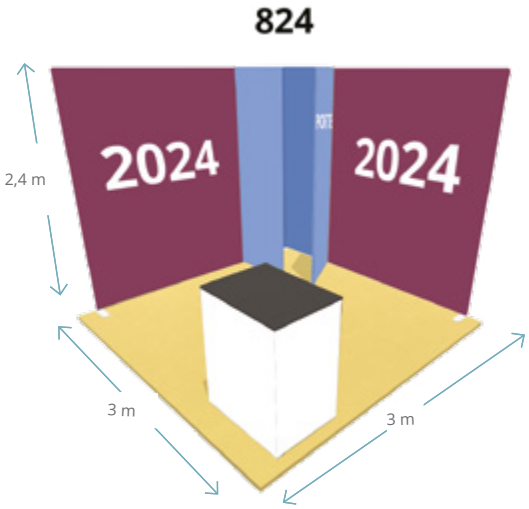

Pre-configured Modulate™ stand examples

This section showcases examples of various pre-configured Modulate™ Stands that can be achieved using the various Modulate™ hardware and ancillaries.

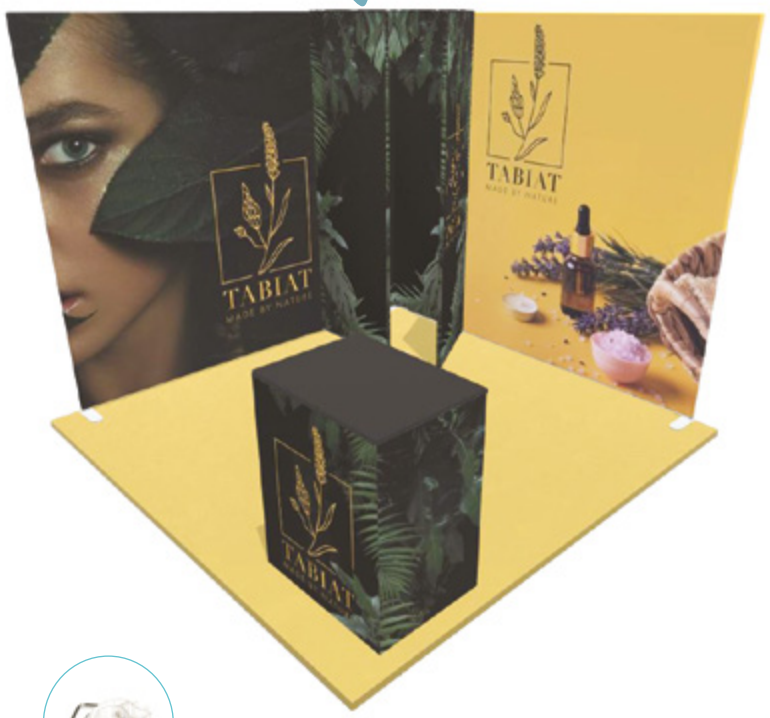

Modulate™ Stand 9m²

Material	Aluminium
Tube	30mm Ø
Assembly	Tool-free push-button connectors
Graphic area	Double-sided
Graphic attachment	Zipped tension-fit graphic

Straight 2024 square corners (x2)	MOD-S-2024-SQ
Straight 824 square corners (x3)	MOD-S-824-SQ
Door Modulate™	MOD-S-DOOR-824-SQ
Pair of half flat feet (x2)	MOD-HALF-FOOT-P
Modulate™ counter	FORM-MOD-CNTR
Internal shelf	FORM-MOD-CNTR-02

Modulate™ cupboard
perfect for storage

Optional Spot
LED-STRIP-ARM-BDLK

Clamp US903

Supplied with product bags

MODULATE™

Modulate™ Stand 12m²

Material	Aluminium
Tube	30mm Ø
Assembly	Tool-free push-button connectors
Graphic area	Double-sided
Graphic attachment	Zipped tension-fit graphic

Straight 2024 square corners (x3)	MOD-S-2024-SQ
Straight 1024 square corners	MOD-S-1024-SQ
Straight 824 right angles (x4)	MOD-S-824-SQ
Modulate™ Door	MOD-S-DOOR-824-SQ
Pair of half flat feet x4	MOD-HALF-FOOT-P

Possibility to add PS950-1000-LED-BDLK spotlights

Half feet Twist & Lock MOD-HALF-FOOT-P grey

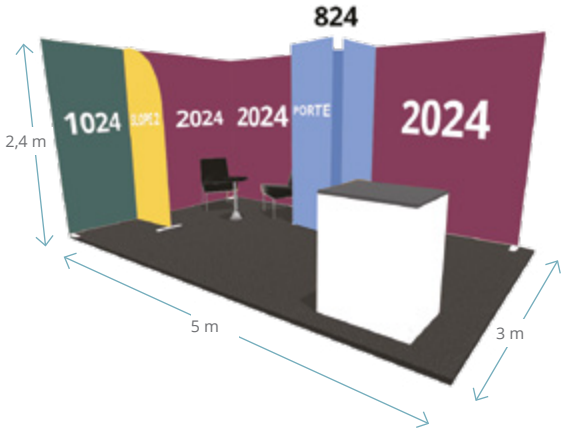

2 handles and 1 stop for Modulate™ Door MOD-S-DOOR-SP-01 included

MODULATE™

Modulate™ Stand 15m²

Material	Aluminium
Tube	30mm Ø
Assembly	Tool-free push-button connectors
Graphic area	Double-sided
Graphic attachment	Zipped tension-fit graphic

Straight 2024 square corners (x3)	MOD-S-2024-SQ
Straight 1024 square corners	MOD-S-1024-SQ
Straight 824 square corners (x3)	MOD-S-824-SQ
Slope 2	MOD-SS-824-02
Door Modulate™	MOD-S-DOOR-824-SQ
Pair of half flat feet x4	MOD-HALF-FOOT-P
Modulate™ counter	FORM-MOD-CNTR
Internal shelf	FORM-MOD-CNTR-02

Configure the stand interior with additional Modulate™ frames

Possibility to add PS950-1000-LED-BDLK spotlights

Half feet Twist & Lock MOD-HALF-FOOT-P

Accessorise with a Modulate™ counter

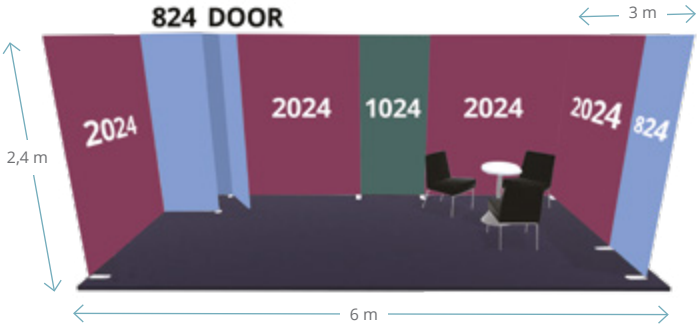

MODULATE™

Modulate™ Stand 18m²

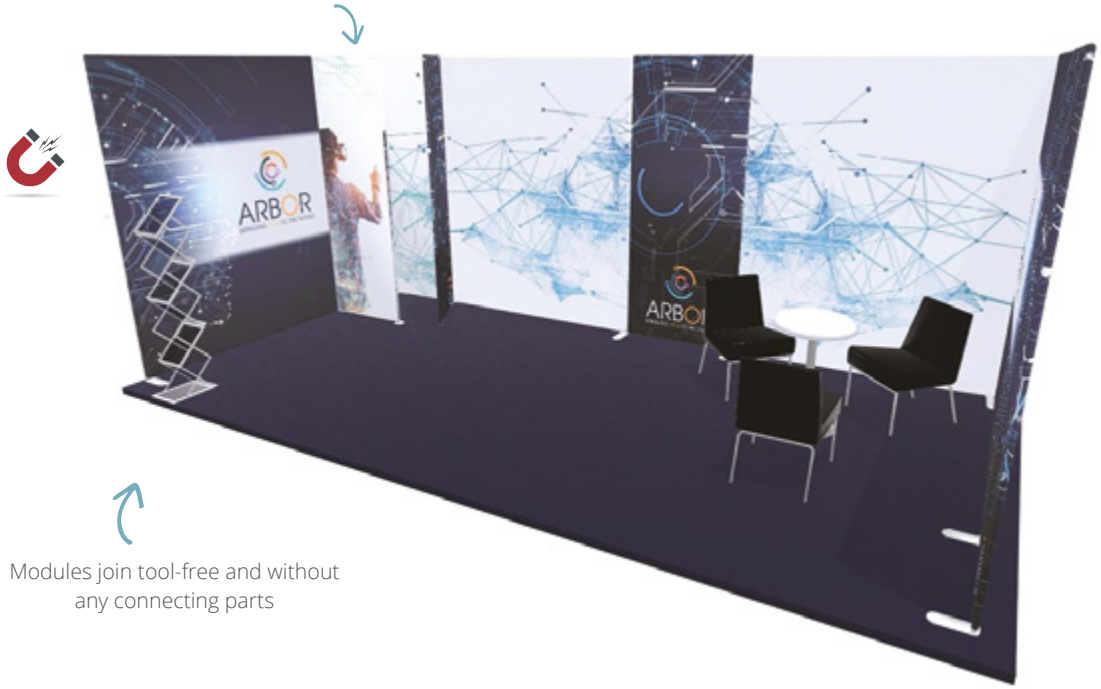

The Modulate™ range is ideal for the design of small and medium sized exhibition stands.
The assembly of Modulate™ structures is simple, without tools and allows unlimited modularity and evolution of your configurations.

Material	Aluminium
Tube	30mm Ø
Assembly	Tool-free push-button connectors
Graphic area	Double-sided
Graphic attachment	Zipped tension-fit graphic

Straight 2024 square corners (x4)	MOD-S-2024-SQ
Straight 1024 square corners	MOD-S-1024-SQ
Straight 824 square corners (x4)	MOD-S-824-SQ
Door Modulate™	MOD-S-DOOR-824-SQ

Modulate™ cupboard - door with handle (without lock)

Modules join tool-free and without any connecting parts

The ease of assembly of the range allows for reconfigurable and reusable solutions: mix and match structures in an instant!

VECTOR

Vector

Visual marketing for every budget

Whether wall mounted or free-standing, the diverse range of Vector aluminium profiles provides a solution for every need and every budget.

Vector offers optimal visual impact and original designs that can be adapted to any event: showrooms, point of sale, exhibitions, museums and many others.

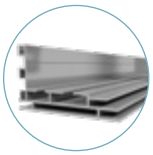

Quick Fix 20 mm

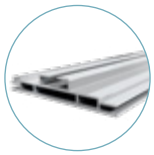

50 mm

Illuminova™ brings your Vector stand to light

Add eye-catching Illuminova™ lightbox modules to your Vector display stand. Available in 4 standard LED modules, (I, J, P, and Q), both systems can be combined to create a striking mix of simplicity and illumination to your exhibition stand.

75 mm LED

100 mm LED

Anodised aluminium profiles

The Vector and Illuminova™ modules are available in a range of aluminium profiles to suit each application. For more information, please consult the table below.

	VECTOR	Wall mounted	Free-standing	Illuminated	Double-sided	Premium range	Various colours
VECTOR	20 mm	x					x
VECTOR	50 mm		x		x	x	
illumiNOVA	75 mm LED	x	x	x		x	x
illumiNOVA	100 mm LED		x	x	x		

For Illuminova™ products, please see page 10

VECTOR

Vector Modules

An ultra-compact solution

From free-standing textile walls to exhibition stands, the Vector range offers a versatile and adaptable solution for all your events. The Vector frame system with stretched fabric covering is one of the simplest communication solutions on the market, particularly in a stand environment. Scalable, reconfigurable, ultra-portable: go from a 9 m² to a 15 m² stand with ease. Easily create stands of all sizes and shapes and accessorise them with spotlights, counters, document holders, and anything else you need to display.

A compact solution for portability and optimised storage

Choose the Vector Modules:

- 50 mm aluminium profiles
- Different modules: walls, arches, LEDs, storage...
- Packaged in numbered sections of 1250 mm
- Delivered in a cardboard box with assembly instructions, accompanied by the visual of your choice
- In stock all year round
- Each module is already perforated on 4 sides and equipped with the necessary screws: easily assemble different modules together, one Allen key is the only tool you will need.
- Reconfigurable and reusable: store the stand at home in a small box (1350 x 400 x 300 mm)
- Excellent return on investment

VECTOR

Go from a 3m² stand to a 15m² stand in the blink of an eye!

Transform your space in seconds using **FASTFRAME™**

1. Folded state

The lightweight frame is pre-assembled in a convenient, portable carry bag.

2. Unfold

From its pre-assembled state, the frame can then be effortlessly unfolded and locked in place with a central support rod.

3. Components

Feet can be added if required to give additional rigidity to the frame.

4. Install graphics

Your graphics, available in a Standard or Premium finish, can then be applied to the fully assembled frame.

Sustainable exhibitions

With sustainability a key theme for event organisers and exhibitors alike, modular exhibition systems offer an environmentally conscious choice.

- Made from aluminium, an infinitely recyclable material
- Using polyester graphic materials which can be recycled multiple times
- Graphics printed using water based inks
- One system for multiple display applications

Enjoy **many benefits,** such as:

NEW PRODUCT

An efficient tool-less frame

Unit can be constructed and ready in a short amount of time.

Lightweight and ultra slim

Unit is highly portable, making travel and storage much easier.

Seamless graphic

Apply a single graphic to connected frames to create a large seamless display.

Sustainable

Multiple use, not single use.

Interchangeable graphics

Display multiple messages time and time again.

FASTFRAME™ utilises **Silicone Edge Graphics**

- Fabric graphics are edged with a silicone strip which slots into the channel of the frame for easy installation
- This is more cost-effective than alternative options and can be re-used multiple times
- The graphics are printed using water based inks which is more eco-friendly
- Seamless graphics can be applied to the connected frames for large displays
- Graphics can be reproduced to deliver new messages

Polyester Stretch Graphics
Stretch textile fabric, 3mm silicone edge.

Arena Structures

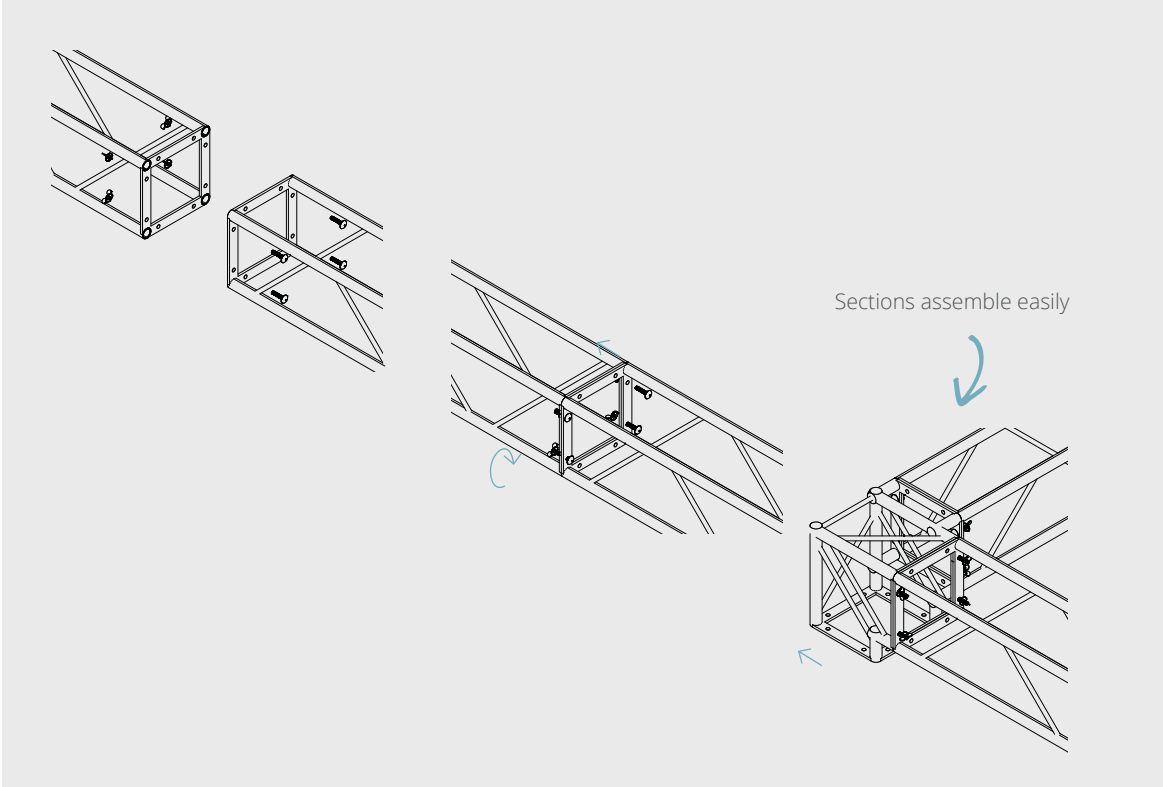

Arena Gantry structures for your stand

These 25mm diameter aluminium tubes have been assembled and welded into sections of various sizes to form the basis of an imposing and solid architecture.

A wide range of sections are available to make this solution compatible with your project requirements. With 13 components in various lengths and designs, you can create the right structure for you, and your chosen mode of transport.

Simple, tool-free assembly

Simple assembly - sections are connected using the supplied bolt and wing-nut fixings, and no tools are required. The double-sided graphics are attached to the gantry using a bungee cord. Create maximum brand visibility using sections up to 6m long without the need for reinforcement.

Arena components

Arena Straight Sections

The Arena Straight Sections are available in a variety of lengths, they are strong but lightweight with a natural silver grey finish. The system is quick and easy to assemble using bolt and wing-nut fixings. This aluminium tubular system is both modular and scalable, where different sections can be assembled and reused according to the needs of each project. The structure can then be dressed with interchangeable UV printed PVC graphics.

UT-S250	Section 250mm
UT-S500	Section 500mm
UT-S750	Section 750mm
UT-S1000	Section 1000mm
UT-S1250	Section 1250mm
UT-S1500	Section 1500mm
UT-S2000	Section 2000mm

Arena Junction Sections

The Arena Junction Sections are available in a variety of configurations including: 3-way T-junction, 4-way corner junction. The choice of sections enables a custom build design for your application to create a modular and scalable system. The structure can then be dressed with interchangeable UV printed PVC graphics.

Formulate Panel 500	FORM-FLT-XL120	5000(w) x 1200(h) x 30(d) mm

Display Backwalls

Display Backwalls create a dramatic backdrop to events, presentations, product demonstrations, pop-up shops or window displays. They are also ideal for smaller spaces, or as large static advertising boards in public spaces such as museums, reception areas, public transportation hubs and other large spaces.

Segmented frame walls are fully configurable, professional grade backwalls, where flexibility, ease of storage, reusing, portability and assembly are important. The pop-up display backwalls are constructed from lightweight aluminium scissor mechanisms that are easy to transport, assemble and store, and are ideal for small exhibitions or events as well as static displays. For a simple backdrop, the Pegasus tension walls offer a cost effective, easy solution to meet those needs. Configurable in both height and width, the tension wall is quick to assemble and makes an ideal backdrop to temporary or short-term presentations.

Display Backwalls

Backwalls can be configured in a variety of ways, based on the application, with each offering a different method of consturction, illumination and use.

Pop-up backwalls

Impact Pop-up Straight

A great entry level display backwall that is perfect for use at an exhibition, event or for a demonstration backdrop. Frames are available in a variety of widths, and are quick and easy to deploy using the self-locating locking arms. Magnetic tape attaches to the back of the graphic panels enabling them to be attached directly to the mag bars which are mounted to the frames.

Material	Aluminium structure, plastic connectors
Assembly	Magnetic connectors
Shape	Straight
Graphic area	Single-sided (with or without D-ends) / double-sided (optional)
Graphic attachment	Mag bars, hangers and kickers
Application	Free-standing

3x2 Straight	IMP-3X2S	1970(w) x 2225(h) x 306(d) mm
3x3 Straight	IMP-3X3S	2700(w) x 2225(h) x 306(d) mm
3x4 Straight	IMP-3X4S	3435(w) x 2225(h) x 306(d) mm

Magnetic bars

Magnetic Locking arms

Hook-over graphic attachment

Impact Pop-up Straight Bundle

Impact Pop-up straight bundles are a great entry level display backwall kit that contains everything you will need to get you up and running at a show, event or demonstration - they even come with a counter and lighting!

Material	Aluminium structure, plastic connectors
Assembly	Magnetic connectors
Shape	Straight
Graphic area	Single-sided (with or without D-ends) / double-sided (optional)
Graphic attachment	Mag bars, hangers and kickers
Application	Free-standing

3x2 Straight	99-XX-106	1970(w) x 2225(h) x 306(d) mm

Tension walls

Horizon

Horizon is the ideal solution for large scale promotions. Use single-sided or double-sided to maximise the impact for brand displays. Link individual units together to form a display wall. Securely weighted by twin water filled bases for total stability.

Material	Aluminium, moulded grey plastic base
Pole	Adjustable height (1500-2400 mm)
Graphic area	Single or double-sided
Graphic attachment	Eyelets
Base capacity	28 litres per tank
Wind resistance	Up to 12 mph / 19 km/h

Horizon	UB203	2500(w) x 1500/3000(h) x 800(d) mm

Telescopic pole for adjustable height

Graphic attaches with eyelets

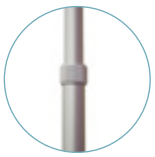

Pegasus

The large-format Pegasus tension banner has telescopic poles and can adjust to 2.5m wide and tall - perfect for large format imagery and brand messaging. Tool-free assembly for quick and simple deployment, Pegasus packs down into a supplied carry bag, and is suitable for vinyl or fabric graphics with pole pockets.

Material	Aluminium
Assembly	Telescopic poles / screws
Shape	Straight
Graphic area	Single or double-sided
Graphic attachment	Pole pocket
Application	Free-standing with feet (included)

Display Banners

Portable display banners are ideal for a temporary but stable communications tool.

Our unique range of Display Banners are highly portable, quick to deploy and suitable for a broad range of applications. Choose from the economy range through to premium options for use indoors or select specifically designed solutions for outdoor applications.

Alternatively the fabric systems are a premium display solution, featuring aluminium tubing, with double-sided high-quality dye sublimated fabric graphics. Easy to deploy with tool-free assembly.

Display Banners

Affordable by nature, the roller banner range delivers a convenient, tool-free solution, with retractable graphics that deploy in seconds. Choose from a range of indoor or outdoor designs that best suits your application, with single or double-sided graphic options.

Tension banners are constructed of lightweight materials and offer the best value for money.

Tension textile systems

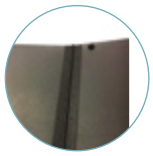

Formulate Monolith

Monolith; the gentle giant, with weighted base for high traffic areas and practical, changeable fabric graphics for multiple brand messaging. This tall double-sided display banner comes in a variety of widths, from 600mm up to 1500mm, and is trusted for stability and easy deployment.

Material	Aluminium tubes, steel base
Tube	Ø 30 mm
Assembly	Push-fit button, Allen key
Graphic area	Double-sided
Graphic attachment	Zipped tension fabric graphic
Application	Free-standing with metal base (included)
Transport	Padded with compartments

600 mm	FORM-MON-600	600(w) x 2380(h) x 300(d) mm
900 mm	FORM-MON-900	900(w) x 2380(h) x 300(d) mm

Display Signs

We offer a comprehensive range of professional display signage solutions for a variety of uses from navigational signs to advertising, information, decorative and display needs.

Display signage solutions are versatile, reusable, durable, and reliable, ensuring investment in hardware is maximised, whilst allowing the flexibility to update marketing messages frequently.

Display Signs

With a wide choice of installation options such as wall, suspended or free-standing, we are proud to offer one of the most comprehensive ranges on the market.

Free-standing signs

Wedge

Wedge is a weighted clamping banner base range that comes in 2 parts and is designed to hold a variety of rigid substrates for indoor or temporary outdoor usage. Available in four sizes from 300mm up to 1000mm, Wedge can be used in tandem with a second pair of bases to create larger displays.

Material	Powder coated steel
Graphic area	Single or double-sided
Graphic attachment	Screwed to base
Graphic option	Rigid panel from 18-40mm thickness - optional extra 1500mm height max.
Application	Free-standing

Wedge 300 mm	UB102-300-S	300(w) x 85(h) x 360(d) mm
Wedge 600 mm	UB102-600-S	600(w) x 85(h) x 360(d) mm
Wedge 800 mm	UB102-800-S	800(w) x 85(h) x 360(d) mm
Wedge 1000 mm	UB102-1000-S	1000(w) x 85(h) x 360(d) mm

Sentry

Sentry is a handy and versatile way of imparting brand messaging or wayfinding information quickly and tool-free using the 'snap action' poster area which can be deployed either landscape or portrait. A3 and A4 sizes are available and the weighted base aids deployment in high foot-fall areas.

Material	25mm aluminium profile, clear PVC protection sheet
Colour	Anodised silver finish, chromed corners
Mounting	Free-standing
Graphic attachment	Snap rail
Graphic option	Suitable for substrates up to 420 microns
Positioning	Portrait or Landscape

Sentry A4	SL104	245(w) x 1005(h) x 326(d) mm
Sentry A3	SL103	245(w) x 1075(h) x 326(d) mm

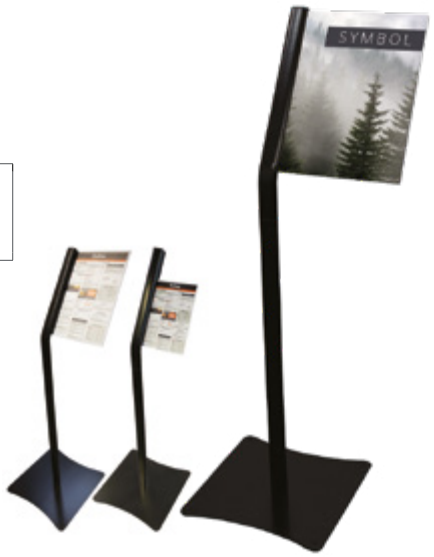

Snap frame

Symbol

Symbol is constructed of robust weighted steel and angled for optimal viewing and reading for better engagement with prospective customers. Interchangeable graphics slide in to the recess channel and fix in place tool-free with a turnscrew.

Material	Steel

Flag Banners

Draw attention to branding, products, services, or business premises with custom printed flags. Instantly noticeable due to their height, shape, and movement, our all-fibre flag poles are durable and flexible, easy to assemble and quick to deploy, making them an extremely effective means of advertising.

Choose from a range of free-standing, post / wall mounted, mobile and specialist hardware that can be used in a variety of applications such as car forecourts, festivals, and beach flags.

Alternatively, deploy taller or multiple flags to increase visibility and attention to branding. Our all-fibre flag poles are reusable with interchangeable graphics for greater return on investment. To protect this investment, it is recommended that flags be kept securely in place by selecting an appropriate base suitable for the desired application and location from the specifically designed range.

Flag Banners

Available as single or double-sided options and printed using hardy, UV resistant media, flag graphics can be utilised indoors or outside with standard or custom flag shapes.

Free-standing flags

Zoom+ Quill / Feather / Crest Flag

Zoom+ flags are a popular and versatile, lightweight flexible flag system, with black finish all fibre poles. Choose Feather, Quill or Crest shaped graphics. Ideal for advertising and used for all types of indoor and outdoor displays. Optional custom printed flag graphics are available in a range of sizes from small to extra-large and with a choice of single or double-sided options (small, medium, and large). The eye-catching shape creates movement in the wind and is a great for attracting attention.

Material	GRP fibre glass pole

Zoom+ is a popular and versatile, lightweight rectangular shaped flag system with black finish all-fibre poles. Ideal for all types of indoor and outdoor displays. Quick and easy to deploy and can withstand winds of approximately 13 -18m/h (21-29km/h). Optional custom printed flag graphic available in single and double-sided options (small, medium, and large), and all flag graphics have a printed pole pocket. The flag moves naturally in breezy/windy conditions and is ideal for attracting attention on car forecourts, at exhibitions and events, or outside a building or premises.

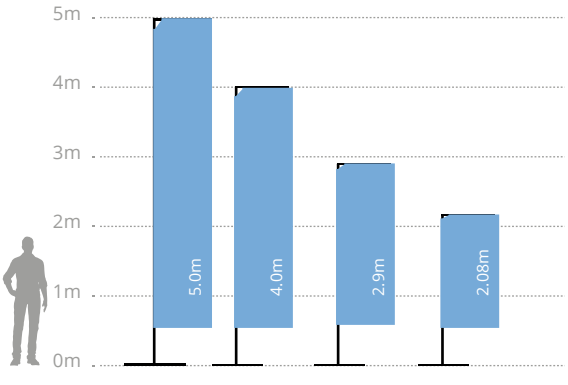

Material	Aluminium and GRP
Graphic area	Single-sided or double-sided (double-sided only available up to large)
Graphic attachment	Pole pocket

Zoom+ Arch

The Zoom+ Arch stands out at any outdoor event or activity. With an overall height of 3m to the top of the graphic and a 4m width, it's perfect to use as a focal point or to attract attention. Simple and quick to assemble, it can be deployed in minutes and when used with the optional stackable bases, provides an extremely stable display that can be used in wind speeds of up to 20mph.

Material	GRP fibre glass pole - chrome steel end caps, plastic hook
Graphic area	Single-sided
Graphic attachment	Pole pocket
Wind resistance	Up to 19 km/h

Zoom+ Arch	ZOOM+ARCH	4000(w) x 2500/3000(h) mm
Stackable base (optional) recommended that 2 bases either side are used	UF-ZMSWB	642(w) x 277(h) x 642(d) mm

Supplied with 1 x 6-part bungee pole, 2 x base rods and hooks

Graphic attaches on to plastic hook

Water fillable base

Handle for easy transportation

Wind Dancer

An imposing telescopic flag which stands 5m high when fully assembled and is certain to make an impact at any outdoor event, Wind Dancer comes complete with a base which can be filled with either water or sand. The 3.5m flag height makes an impressive statement when the flagpole is deployed at its full 5m height, and is particularly impactful when used in large crowded areas because of its dominating presence.

Material	Aluminium pole, plastic base
Pole	Telescopic
Graphic area	Single-sided
Graphic attachment	Eyelets
Base capacity	66 litres
Wind resistance	Up to 18 mph / 29 km/h

Wind Dancer	WD105	1000(w) x 2900/5300(h) x 1000(d) mm

Post / wall mounted flags

Mistral

The Mistral is a fixed outdoor flag system designed for mounting to lampposts or building exteriors and is perfect for advertising or promoting a brand or event. The mechanism attaches directly to a pole, posts, or wall and can be moved to accommodate varying graphic heights. An eye-catching solution that can also be used for information and wayfinding, this flag is especially effective when repeated over a series of posts.

Material	Aluminium castings and GRP tubes
Tube	Height adjustable
Graphic area	Single-sided or double-sided
Graphic attachment	Pole pocket
Wind resistance	Up to 40 km/h

Mistral	UB725-01	890(w) x 2000(h) mm

Can be fixed to a pole or wall

Tents

Take advantage of outdoor events with a temporary structure and create additional marketing opportunities. Offer customers protection and shelter from the weather by choosing custom-printed tents that also provide an attractive brand marketing solution.

Conventional pop-up tents and gazebos are fantastic provisional outdoor or indoor structures which provide a unique way to advertise in a vibrant impactful manner with fully printed canopies and walls.

Constructed from robust steel or aluminium in a variety of sizes that are easy to transport, assemble, deploy and pack away, pop-up tents are ideal for short term events, fairs and exhibitions.

Tents

For a more unique and unconventional structure, choose the Bora Inflatable Tent. Simple to inflate for rapid deployment with an appealing eye-catching shape, the Bora, like pop-up tents, also offers optional printed canopies and walls. Customisable areas make highly effective brand messaging, ensuring maximum impact at events. As with all custom-printed graphics, they can easily be replaced so that hardware is used multiple times, improving return on investment.

Pop-up tents

Zoom Tent Eco

The Zoom Tent Eco is the most cost-effective gazebo in our range. Quick and easy to deploy, the 3x3m tent can easily accommodate a 2.4m wide table making it a great solution for street markets, golf days or sporting events. Made from steel with a white powder coated finish, the frame easily shelters up to five people and folds completely into a portable wheeled carry bag. Custom fully printed canopy and walling is an optional extra.

Material	Steel frame, plastic joins
Graphic area	Double-sided (wall) / single-sided (canopy)
Graphic attachment	Hook and loop
Ground fixing	Pegs and ropes (included)
Wind resistance	Up to 18 mph / 29 km/h
Transport	Wheeled standard

Inflatable tents

Bora Tent

The Bora Inflatable Tent is a sturdy and attractive option for outdoor displays. Create shade and shelter for a registration desk, refreshment area or meeting point that fully shows off a brand. As one of the largest products in the range, there is plenty of print area on the canopy and backwalls (optional extra) for brand messaging. The backwalls zip in, so can be changed for a different message from the canopy if you wish. The Bora Tent uses trapped air technology: silent and free-standing once inflated.

Material	TPU, Polyester inner coat
Graphic area	Single-sided

Counters

Temporary counters add a professional touch to any exhibition, event or retail environment. They provide a useful area for display or presentation space, and the ability to add a graphic creates additional marketing opportunities as well as offering a convenient storage facility.

Our counters are available in a range of price points and shapes, depending on requirements. Add impact to a welcome desk or a reception area in a public space with an illuminated counter or choose an outdoor option to promote a product or service at an open-air event.

Counters

Counters are the perfect partner for a promotional display or event to complement a backdrop or add focus to an area and are the ideal companions for any marketing campaign.

Promotional counters

Pop-up Counta

The Pop-up Counta is convenient lightweight pop-up counter that offers a substantial area to welcome guests yet packs down for easy transportation in a reinforced D-shaped wheeled trolley case.
The counter comes with shelves for storage and a beech-coloured counter-top. Often used for exhibitions, in supermarkets as a demonstration unit and for events.

Material	Aluminium, plastic and MDF tabletop
Assembly	Self-locking magnetic
Collapsible	Yes
Counter top	Foldable - Beech colour
Shelves	4
Graphic attachment	Magnetic hangers, bars and tape (included). Suitable for 440 microns min. substrate (optional extra)
Transport	1 Wheeled trolley case

Modulate™ Counter

Modulate™ Counter consists of an innovative aluminium tubular frame, counter top, and printed tension fabric graphic. Powerful magnets encased inside the frame enables two or more counters to connect using simple magnetic principles. The counter can be used on its own or combined to make a long reception or bar area. Modulate™ Counter can be deployed in minutes, thanks to the tool-less construction. The printed tension fabric graphic will either sit on or under the counter-top to suit the application.

PATENT PENDING

illuminated Promotional Counters

Illumigo™ Counter

This versatile and quick to set-up double-sided counter lightbox is a great all-rounder not only at events but in retail environments from shopping centres to pop-up shops. Part of the Illumigo™ range, the Illumigo™ Counter is easy to assemble with a two-part counter top that secures using a pair of twist out top locators and locking screws. Building the unit is intuitive and tool-free as all the parts are numbered and simply slot together. Two optional graphics complete the look to create an impactful counter ideal for attracting attention in retail, event or exhibition environments.

Steel side feet for stability

Barriers

Barrier systems improve queue management and help with crowd control.

For pedestrian control, café barriers can be used to make an attractive, professional and functional barrier, creating a temporary space that can be easily reconfigured to suit your needs.

Café barriers are easy to store, assemble, deploy and move to suit your requirements. They are available in economy and premium solutions, depending on your application and budget.

Barriers

Queue management systems can be used to control queues, providing structured and manageable lanes to help marshal customers and are also suitable for indoor or outdoor use.

Pedestrian control barriers

A cost-effective way of defining areas outside restaurants, bars, shopping centre and coffee shops, a complete Café Barrier system requires two posts and bases. To secure the graphic, there are two options; dependent on budget and where the system is being deployed.
If the Café Barrier is exposed to strong winds, we recommend a two-rail option ensuring the graphic is secured top and bottom to each post and base. If winds are not an issue but the budget is tight, then we suggest a single rail with two spring clips securing the bottom of the graphic.
Rails are available in 1m, 1.5m and 2m sizes, so it is quick and easy to calculate the number of café barriers required to define your space. To connect multiple barriers, add a choice of rails/spring clips plus one additional pole and base. For vibrant hardwearing graphics we can print on PVC.
